PROFESSIONAL SUMMARY

Full Stack Developer with 3.5+ years of experience across four companies, delivering client and enterprise web applications on Laravel/PHP and the MERN stack in agency, product, and startup-style environments. Delivered 30+ client platforms in 10 months at Gtech Logics India — across e-commerce, HRM, logistics, finance, and CMS domains — while maintaining clean architecture, RESTful API design, and secure payment integrations. Experienced working directly with clients, designers, and cross-functional QA/project teams under tight, Agile delivery timelines.

TECHNICAL SKILLS

Languages & Frameworks: PHP, Laravel, JavaScript (ES6+), Node.js, Express.js, React.js

Frontend: HTML5, CSS3, jQuery, Bootstrap, AJAX, Responsive & Cross-browser UI

Databases: MySQL, MongoDB, SQL, Eloquent ORM

APIs & Auth: RESTful API Design, Laravel Sanctum, JWT, Third-Party API Integration

CMS & Payments: ExpressionEngine, Razorpay & Other Payment Gateway Integration

Tools & Practices: Git, GitHub, GitLab, Postman, Agile/Client-Driven Delivery, Code Review

Currently Learning: Docker, Redis, CI/CD Pipelines, PHPUnit

PROFESSIONAL EXPERIENCE

Full Stack Developer | Gtech Logics India

July 2025 – Present

Jaipur, Rajasthan

- Delivered 30+ production e-commerce and business websites in 10 months across PHP, Laravel, and the MERN stack — owning each build end-to-end from requirements to deployment.
- Integrated payment gateways, shopping carts, and inventory management across 25+ e-commerce builds spanning electronics, menswear, machinery, and wooden-goods industries.
- Shipped 5+ Laravel applications, including HRM solutions and architecture-firm portfolio sites, with clean MVC structure and reusable components.
- Built Room Dekho, a property rental platform on the MERN stack with real-time search, filtering, and listing management.
- Worked directly with clients and designers to translate requirements into responsive, production-ready interfaces under tight delivery timelines.

Laravel Developer | Ssa Cloud India Pvt. Ltd.

2024 – 2025

Jaipur, Rajasthan

- Developed and maintained Laravel-based enterprise applications, focusing on query optimization and maintainable backend architecture.
- Built and integrated RESTful APIs connecting third-party services for seamless data exchange between systems.
- Delivered multi-service business platforms (Palak Logistics Global, SSA Tax Pvt. Ltd.) with service listings, admin panels, and payment integration.
- Collaborated cross-functionally with QA and project teams to ship features on schedule and within budget.

Full Stack Developer | W3Care Technologies Pvt. Ltd.

March 2023 – May 2024

Jaipur, Rajasthan

- Built and deployed e-commerce platforms serving hundreds of daily active users using Laravel and PHP.
- Developed 5 CMS-driven websites in ExpressionEngine for high-traffic clients including Exotravel.com and Royal Rao Balaji Micro Finance Foundation.
- Built an Interview Management Portal to streamline recruitment with scheduling and candidate tracking.
- Built an Invoice Management System with automated invoice generation, payment tracking, and financial reporting.

PHP Developer | Kadam Tech Pvt. Ltd.

July 2021 – May 2022

Jaipur, Rajasthan

- Developed dynamic websites in PHP and Laravel, following clean code and reusable-component practices.
- Implemented responsive front-end interfaces using Bootstrap and JavaScript, improving cross-device usability.
- Partnered with designers and project managers to deliver client requirements accurately and on schedule.

KEY CLIENT ENGAGEMENTS

High-Volume E-Commerce Delivery — Gtech Logics India

- Shipped 30+ production websites in 10 months: 25+ PHP-based storefronts (electronics, menswear, machinery, wooden products) and 5+ Laravel applications (HRM, architecture portfolios).

Enterprise CMS Websites — W3Care Technologies

- Delivered content-driven sites for Exotravel.com, Royal Rao Balaji Micro Finance Foundation, SBMFA, Ujala Micro Finance, and National Defense Lab using ExpressionEngine, owning template customization and performance tuning.

Multi-Service Business Platforms — Ssa Cloud India

- Built Palak Logistics Global and SSA Tax Pvt. Ltd. platforms with service-listing management, payment integration, and admin dashboards using Laravel, PHP, JavaScript, and Bootstrap.
